- Youth Retreats

## The Mission and Vision of Genesis Counseling Center:

- We believe that there is one God, who is eternally existent in three persons: Father, Son and Holy Spirit.
- We believe the Bible is the inspired Word of God, given to us for direction, reproof, and instruction in living a healthy and purposeful life.
- We believe everyone has been created in God's image. Therefore, regardless of what you have ever done, you deserve our respect and can experience God's grace.
- We believe that you can find meaning, contentment, and inspiration in your life. No matter how long you have struggled with pain and problems, you can grow and improve your life through the power of God in Christ.
- We believe in holistic treatment. We focus on the whole person – mental, physical, emotional, relational and spiritual.
- We believe each person is unique with different gifts, abilities and struggles. We are committed to walk with you on your journey to growth and healing without judgment.
- We value life from the beginning through every stage of this adventure.
